In Arkansas alone, over 679,000 people may face hunger this year, many for the first time – an increase of over 157,000 people because of the pandemic. This would increase the rate of food insecurity from 17.3 percent of the population to 22.5 percent of the population. Join us this September as we face hunger together!

HARVEST NIGHT WEEK
PRESENTED BY RICELAND
(FAMILY FARMER OWNED)

Donate a box of food with your family at a local pantry
