Cash and cash equivalents - beginning of year 5,976,794

Cash and Cash Equivalents - End of Six Months **\$ 5,301,594**

The accompanying notes are an integral part of these financial statements.

Arkansas Foodbank
Notes to Financial Statements
June 30, 2023

1. Nature of Activities and Summary of Significant Accounting Policies

Nature of Activities

Arkansas Foodbank (the “Organization”) is a nonprofit corporation established to collect and distribute donated food and other items. The Organization is an affiliated member of Feeding America (the Nation’s Foodbank Network), the Arkansas Hunger Relief Alliance, and the Heart of Arkansas United Way. The receipt of food is primarily from retail stores, wholesalers, manufacturers, processors and food drives. After careful inspection, the food and products are distributed to not-for-profit agencies such as food pantries, soup kitchens, shelters, after-school feeding programs and other similar groups in 33 central and southern counties in Arkansas.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Under this method of accounting, revenues are recognized in the period in which they are earned, expenses are recognized in the period in which they are incurred, depreciation of assets is recognized, and all assets and liabilities associated with the operation of the Organization are included in the statement of financial position.

The financial statements are presented in accordance with the FASB Accounting Standards Codification (“ASC”) 958, *Not-for-Profit Entities*. Under FASB ASC 958, the Organization is required to report information regarding its financial position and activities according to the following two classes of net assets:

- Net Assets Without Donor Restrictions - Net assets which are available for use at the discretion of the Board of Directors and/or management for general operating purposes. Contributions that are restricted by the donor are reported as increases in net assets without donor restriction if the restrictions expire in the fiscal period which the contributions are recognized.
- Net Assets With Donor Restriction - Net assets which consist of contributed funds subject to specific donor-imposed restrictions contingent upon specific performance of a future event or a specific passage of time before the Alliance may spend the funds.

The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Revenue Recognition

The Organization solicits contributions from private individuals, through direct mail campaigns, corporate promotions and grant applications. Unsolicited contributions are also received from the general public. Another source of funding is the allocation received from the United Way. During the six months ended June 30, 2023, the Organization received \$3,705,951 in public support from these sources.

Arkansas Foodbank
Notes to Financial Statements
June 30, 2023

Some of the food and grocery products distributed by the Arkansas Foodbank to its member agencies are assessed a “handling fee” of up to \$0.18 per pound to assist in on-going operating costs of the Organization.

The Organization accounts for contributions in accordance with the FASB Accounting Standards Codification (ASC) 958, *Not-for-Profit Entities*. In accordance with FASB ASC 958, contributions received are recorded as support with donor restrictions or without donor restrictions, depending on the existence or nature of any donor restrictions. Contributions, including pledges, represent amounts raised from the public and are not recognized until they become unconditional, that is, when the conditions on which they depend are substantially met. Cash donations are recorded when received. Contributions of assets other than cash are recorded at estimated fair value. New equipment donated to the Organization is included in the financial statements at the suggested retail price. Used equipment donated to the Organization is recorded at estimated fair market value.

Food and Grocery Products

Food and grocery products donated to the Arkansas Foodbank that are distributed and on-hand at period end are valued at an average wholesale value as determined by a survey conducted annually by Feeding America, the Nation’s Food Bank Network. For the six months ended June 30, 2023, the average wholesale value used was \$1.53 per pound.

Unconditional Promises to Give

Contributions are recognized when the donor makes a promise to give that is, in substance, unconditional. Unconditional promises to give that are expected to be collected or paid within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected or paid in more than one year are recognized at the present value of estimated future cash flows and included in promises to give. The effective discount rate used is 5.323%. In subsequent years, amortization of the discounts is included in contribution revenue in the statement of activities. Management determines the allowance for uncollectible promises to give based on historical experience, an assessment of economic conditions, and a review of subsequent collections. Promises to give are written off when deemed uncollectable. At June 30, 2023, the allowance was \$6,622.

Cash and Cash Equivalents

For purposes of the statement of cash flows, Arkansas Foodbank considers all highly liquid investments available for current use with an initial maturity of three months or less to be cash equivalents.

Accounts Receivable

Accounts receivable consists of funds owed to the Organization from government awarding agencies, donations and other services. Management believes that all of these receivables are fully collectible; therefore, no provision for doubtful accounts has been made.

Property and Equipment

Property and equipment is recorded at cost and is depreciated over the useful life of each asset. Annual depreciation is computed using the straight-line method with useful lives of 10 to 40 years for buildings and improvements; 3 to 20 years for furniture, equipment and software; and 5 to 10 years for vehicles. It is the Organization’s policy to capitalize all asset purchases that have a useful life of more than one year and a unit cost greater than \$2,500.

Arkansas Foodbank
Notes to Financial Statements
June 30, 2023

Donated Services

Unpaid volunteers have made contributions of their time in conjunction with Arkansas Foodbank's programs and services. There was a total of 15,818 volunteer hours valued at \$503,012 in 2023. However, these donated services are not reflected in the financial statements since the services do not require specialized skills. Donated professional services are reflected in the financial statements at their fair market value. These services are provided in connection with fundraising activities.

Income Taxes

The Organization is exempt from federal income taxes under Section 501 (c)(3) of the Internal Revenue Code and a similar section of Arkansas statutes. Generally, the Organization's tax returns are open for examination by federal and state taxing authorities for three years after they were filed. The Organization has been determined by the Internal Revenue Service not to be a private foundation with the meaning of Section 509(a) of the Code. Additionally, the Organization qualifies for the charitable contribution deduction under Section 170(b)(1)(A).

Functional Allocation of Expenses

The costs of providing the various programs and activities have been summarized on a functional basis in the Statement of Activities and in the Statement of Functional Expenses. Accordingly, certain costs have been allocated by management among the program and supporting services benefited. The methods of allocations are described below:

- Allocation of personnel expenses is based on functional assignments by full time employees.
- Allocation of depreciation and facility expenses is based on square footage.
- Allocation of transportation expenses is based on mileage and number of deliveries.
- Allocation of program service expenses is allocated between programs when necessary based on the volume of product distributed.

Date of Management's Review

Management has evaluated subsequent events through January 19, 2024, the date on which the financial statements were available to be issued.

2. Concentration of Cash Deposits

As of June 30, 2023, cash and cash equivalents consisted of the following:

Cash in bank - checking (Simmons)	\$ 1,000
Cash in bank - checking (First Security)	1,113,103
Money market investment(s) in brokerage account(s) (Merril Lynch)	<u>4,187,491</u>
Total	<u>\$ 5,301,594</u>

The Organization maintains its cash and cash equivalents in accounts at financial institutions and investment brokerage accounts, which may exceed insured limits. The Organization has not experienced any losses in such accounts and management believes that it is not exposed to any significant credit risk on cash and cash equivalents.

Arkansas Foodbank
Notes to Financial Statements
June 30, 2023

3. Promises to Give

As of the six months ending June 30, 2023 the promise to give is summarized as follows:

Current	
Within one year	\$ 370,492
Less allowance for uncollectible promises to give	<u>(10,891)</u>
	359,601
Noncurrent:	
One to 5 years	52,662
Less discount to net present value at 5.323% rate	<u>(2,662)</u>
	50,000
	<u>\$ 409,601</u>

4. Fair Value Measurements and Net Investment Return

The Organization accounts for its investments in accordance with the FASB ASC 820, *Fair Value Measurements and Disclosures*. In accordance with FASB ASC 820, investments in equity securities with readily determinable fair values and all debt securities are measured at fair value.

The Organization has characterized its financial assets into a three-level hierarchy based on the priority of the inputs used to value these assets. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1), and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the financial assets fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the asset.

Financial assets recorded in the statement of financial position are categorized based on the inputs to valuation techniques as follows:

- Level 1: These are assets where values are based on unadjusted quoted prices for identical assets in an active market to which the Organization has access.
- Level 2: These are assets where values are based on quoted prices in markets that are not active or model inputs that are observable either directly or indirectly for substantially the full term of the investments such as interest rates and yield curves that are observable at commonly quoted intervals.
- Level 3: These are assets where values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. These inputs reflect the assumptions of management about assumptions market participants would use in pricing the investments.

The fair values of the Organization's investments that are reported in the accompanying statement of financial position as of June 30, 2023, were as follows:

Arkansas Foodbank
Notes to Financial Statements
June 30, 2023

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Government securities	\$ 2,548,020	-	-	2,548,020
Corporate bonds	1,045,172	-	-	1,045,172
Mutual funds	5,343,113	-	-	5,343,113
Equities	4,733,367	-	-	4,733,367
Endowment funds	-	-	3,431,084	3,431,084
	<u>\$ 13,669,672</u>	<u>-</u>	<u>3,431,084</u>	<u>17,100,756</u>

Fair value for investments is determined by reference to quoted market prices and other relevant information generated by market transactions. Fair value for endowment funds is based upon the balance of the accounts held at Arkansas Community Foundation. Fair value for the interest in charitable remainder trust is determined by calculating the present value of the future distributions expected to be received, using published life expectancy tables and a 4.00% discount rate.

Assets measured at fair value on a recurring basis using significant unobservable inputs (level 3 inputs):

Balance at December 31, 2022	\$ 3,307,269
Investment income (loss)	241,127
Disbursements	(117,312)
Balance at June 30, 2023	<u>\$ 3,431,084</u>

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Organization believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Net investment return is summarized as follows:

Investment interest/dividend income	\$ 207,938
Net realized gains (losses)	(3,297,513)
Net unrealized gains (losses)	4,356,198
Investment fees	(71,267)
Investment return, net	<u>\$ 1,195,356</u>

5. Endowment

In October 2001, an endowment fund in the amount of \$31,000 was established at the Arkansas Community Foundation (the "Foundation"), with \$21,000 raised specifically for this purpose by Arkansas Foodbank and \$10,000 in a matching contribution by the Foundation. Prior to the merger with the Arkansas Rice Depot, the Arkansas Rice Depot irrevocably transferred assets to the Foundation in the amount of \$91,030. These endowment funds total \$122,030 and are permanently restricted.

In December of 2019, the Taylor Foundation awarded the Arkansas Foodbank a gift in the amount of \$500,000. In January 2020 after discussions with the foundation it was decided that this money would be set up as an endowment for the Food for Kids program. This grant established the "Julia Prewitt

Arkansas Foodbank
Notes to Financial Statements
June 30, 2023

Taylor Memorial Endowment Fund" to support the Food for Kids Program. The money was invested in a segregated account at Merrill Lynch. Since initial receipt, there have been other gifts given to the endowment, including a \$100,000 gift in 2021 and a \$150,000 gift in 2022. The corpus of these funds must remain in a permanent endowment but the earnings generated by the fund are available to be used in Food for Kids programs.

In 2021 the Arkansas Foodbank's charitable remainder trust was terminated upon the death of the donor. Income distributions equal to 4% of a three-year average value of the account will be distributed annually to the Arkansas Food Bank. The balance of this endowment fund is \$2,501,566.

The endowment funds are accounted for in accordance with the FASB Accounting Standards Codification (ASC) 958, *Not-for-Profit Entities*. In accordance with FASB ASC 958, the endowment funds are considered a reciprocal transfer of funds since the Organization is both the donor and beneficiary of the endowments, even though the variance power has been granted to the Foundation and the Foundation is the legal owner of the fund under the terms of the endowment agreement. The fund may expend that portion of its total assets as permitted by the spending rate policy. The fair value of the endowment funds as of June 30, 2023, was \$3,431,084.

Unrealized gains and losses on the endowment funds and other investments are included in the change in net assets in the accompanying statement of activities. Investment income and gains are reported as increases in net assets without donor restrictions in the reporting period in which the income and gains are recognized.

6. Property and Equipment

A summary of changes in depreciable assets for the six months ending June 30, 2023 is as follows:

	Balance January 1 2023	Additions and Transfers - Net	Retirements and Transfers - Net	Balance June 30 2023
Land	\$ 1,045,440	-	-	1,045,440
Buildings and improvements	15,994,444	-	-	15,994,444
Furniture, equipment and software	2,964,894	388,593	-	3,353,487
Vehicles	1,919,167	84,893	-	2,004,060
Construction in process	97,509	-	(97,509)	-
	22,021,454	473,486	(97,509)	22,397,431
Less accumulated depreciation	(5,371,481)	(460,857)	-	(5,832,338)
	<u>\$16,649,973</u>	<u>12,629</u>	<u>(97,509)</u>	<u>16,565,093</u>

Arkansas Foodbank
Notes to Financial Statements
June 30, 2023

7. Commodities

Arkansas Foodbank has an agreement with the Arkansas Department of Human Services (DHS), under the authority of the Stewart B. McKinney Homeless Assistance Act, to distribute excess commodities to needy households. Under this agreement, the Organization receives commodities from DHS and distributes them to food pantries and other agencies throughout the state. Inventory is carried at the values assigned by DHS. At June 30, 2023, inventory totaled \$288,655.

8. Concentrations

Financial instruments that potentially subject the Organization to concentrations of credit risk consist of cash balances with financial institutions. The Organization maintains its cash at institutions insured by the Federal Deposit Insurance Corporation ("FDIC"). These accounts, at times, may exceed federally insured limits.

9. Retirement Plan

The Organization provides a plan for employees to contribute to individual retirement accounts. Distributions from these accounts to the employees are taxed at that time. Employer contributions totaled \$59,573 for the six months ending June 30, 2023.

10. Restrictions on Net Assets

The Organization reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions. Net assets with donor restrictions were as follows at June 30, 2023:

Specific Purpose:

USDA inventory for distribution	288,655
Land dedicated to foodbank operation	1,045,440
Unconditional Promises to Give, Current	359,601
Unconditional Promises to Give, Noncurrent - Cap Campaign	50,000
Total Specific Purpose	1,743,696

Endowment Funds:

Arkansas Community Foundation - corpus permanently restricted	122,030
Taylor Foundation Endowment - corpus permanently restricted	750,000
United Methodist Foundation of Arkansas	2,501,566
Total Endowment Funds	3,373,596

Total Net Assets with Donor Restrictions	\$ 5,117,292
---	---------------------

Arkansas Foodbank
Notes to Financial Statements
June 30, 2023

11. Liquidity and Availability of Resources

The following table reflects the Organization's financial assets, reduced by amounts that are not available to meet general expenditures as of June 30, 2023, due to donor restrictions or internal board designations:

Financial assets:	
Cash and cash equivalents	\$ 5,301,594
Investments excluding endowments	13,669,672
Accounts receivable	199,407
Unconditional promises to give, net of allowance, current portion	359,601

Endowment corpus' permanently restricted	(3,373,596)
	<u>(5,117,292)</u>
Available for General Expenditures within One Year	<u>\$ 13,423,146</u>

The Organization considers contributions that are restricted for programs which are ongoing, major and central to its annual operations to be available to meet cash needs for general expenditures. The Organization manages its liquidity and reserves by following these guiding principles:

- Operate within a prudent range of financial soundness and stability.
- Maintain adequate liquid assets to fund near term operating needs.
- Maintain sufficient reserves to provide reasonable assurance that the mission of the Arkansas Foodbank continues in an adverse financial environment.

Investments act as a board directed resource which may be accessed upon board approval when the need arises. The Organization also has access to a \$100,000 bank line of credit which may be drawn upon to meet operating shortfalls during the period.

Note 1. Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal award activity of Arkansas Foodbank under programs of the federal government for the six months ended June 30, 2023. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

Note 2. Summary of Significant Accounting Policies

Expenditures reported on the schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Note 3. Indirect Cost Rates

Arkansas Foodbank has not elected to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance.

**Independent Auditor’s Report on Internal Control over Financial Reporting
and on Compliance and Other Matters Based on an Audit of Financial
Statements Performed in Accordance with *Government Auditing Standards***

Board of Directors
Arkansas Foodbank

We have audited in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Arkansas Foodbank, which comprise the statement of financial position as of June 30, 2023, and the related statements of activities, functional expenses, and cash flows for the six months then ended, and the related notes to the financial statements and have issued our report thereon dated January 19, 2024.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Arkansas Foodbank’s internal control over financial reporting (internal control) as a basis for designing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Arkansas Foodbank’s internal control. Accordingly, we do not express an opinion on the effectiveness of Arkansas Foodbank’s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Arkansas Foodbank’s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Preliminary Draft

**Independent Auditor's Report on Compliance for each Major
Federal Program and Report on Internal Control over Compliance
in Accordance with the Uniform Guidance**

Board of Directors
Arkansas Foodbank

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Arkansas Foodbank's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of Arkansas Foodbank's major federal programs for the six months ended June 30, 2023. Arkansas Foodbank's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Arkansas Foodbank complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the six months ended June 30, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Arkansas Foodbank and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Arkansas Foodbank's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Arkansas Foodbank's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Arkansas Foodbank's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in

accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Arkansas Foodbank's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Arkansas Foodbank's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Arkansas Foodbank's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Arkansas Foodbank's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
