

Be the Light Consulting, LLC.

Helping Nonprofits Build Strong People, Efficient Processes, and Sustainable Profit

About Us

Be the Light Consulting is a mission-driven consulting firm partnering with nonprofits, churches, and mission-based organizations to strengthen leadership, improve operations, and increase financial sustainability. Using our 3 Ps Framework, People, Processes, and Profit, we help organizations align mission, strategy, data, and culture so they can grow with clarity, capacity, and confidence.

Mission

To help nonprofits shine brighter by strengthening their people, improving their processes, and increasing their capacity to generate sustainable revenue without losing sight of mission or values.

3Ps Consulting Framework

PEOPLE Strong teams that lead sustainable organizations.	PROCESSES Systems that allow organizations to operate effectively.	PROFIT Revenue strategies that support long-term mission impact.
• Leadership coaching and staff development • Human resources strategy and team culture • Change management and collaboration models • Executive and senior leadership support	• Operational assessments and workflow improvement • Process mapping and policy development • Capacity and infrastructure planning • Project management for strategic initiatives	• Revenue diversification strategy • Grant readiness and funding strategy • Budget planning and sustainability coaching • Donor and sponsorship development
