

DO YOU USE TOBACCO OR VAPES?

DO YOU HAVE AN 8*-10 YEAR OLD CHILD ?

*7-year-olds who will turn 8 within 6 months may qualify!

What do you have to do?

You and your child will complete a survey, then review a free copy of a tobacco prevention program, and then participate in a group discussion or interview.

Will I receive compensation?

Families can receive up to \$100 for full participation, which takes about 3 hours.

Why are we doing this?

Your participation will help us learn how to improve a program focused on preventing tobacco use and vaping in children.
